

TABELLA

Interactive Intelligent Panel

Multimedia Presentation • Active Learning • Flipped Classroom • Distance Learning • Team Collaboration • Creative Centre • Team Building Hub • Video Conference • Screen Sharing • Business Brainstorming

TABELLA Interactive Intelligent Panel is a perfect solution for interactive business collaboration and educational classroom applications. The 4K UHD Panel achieve excellent light transmission for outstanding color, clarity, and accuracy.

Brilliant Colors Accurate Calibrated VW Series Touch Panel

Eye Protection

The smart Eye-Comfort solution can function intuitively with the help of the embedded sensor.

Tabella intelligent panel will adjust brightness automatically by detecting the movement of users close to the screen, thus provides you a smooth and comfortable writing experience.

High Accurate Touch Experience

True 20-points Multi-Touch makes 20 simultaneous accurate writing capable.

With the latest infra-red touch sensor technology, it provides a more realistic sense of touch. Creating accurate, fast react and silky-smooth touch experience.

Screen Rec

(by User)

Versatile Connectivity

Front physical buttons, easy to switch between screen modes and settings. Three anti-collision front USB ports provide instant data accessibility from PC or Android applications.

HDMI, USB, DP and VGA connection ports provide the versatility to connect to a wide variety of computing and multimedia devices. Thanks to the Floating Tool Bar, you can write, annotate, and capture screenshots easily at any channel of connections.

Video Conference

Tabella is designed to be flexible and works with your existing Video Conferencing solutions and software.

The open platform approach and embedded Windows OS (with optional OPS Module installed) gives you access to cloud-based applications such as Zoom, Skype, Google Meet, BlueJeans, MS Team and Cisco Webex etc..

Wireless Interactive Screen Share and Mirroring

Multiscreen function creates a collaborative and interactive atmosphere in the meeting room. Only few steps to lecture, present, collaborate and share brainstorming ideas by casting the devices wirelessly

Hardware Solution
with Transmit Dongle

Software Solution
with Mobile Apps

BYOD and Brainstorm

EShare multiscreen interactive applications make you experience natural and enjoyable for business presentation, educational training, and entertainment.

Stream Video or Audio file to panel

Remote control and write on presentation to the panel.

Users can share screen from mobile devices, with maximum 4 devices to share at the same time.

When mirroring mobile devices to the touch panel, annotation on a mobile device will be kept the same across all devices.

Optional Accessories

OPS (Slot-in PC Module)

Windows 10 Pro Pre-installed
Choice of Intel®Core™ i3/i5/i7

WhiteBoard Pro

Interactive White Board Software for your Classroom

TABELLA VW Series Interactive Intelligent Panels provide classroom-ready solutions to support teachers by bringing a truly interactive and collaborative learning experience into their classrooms.

WhiteBoard Pro is a white board software which has the friendliest user interface. It integrates the touch panels into classrooms to encourage lively discussions with pleasant atmosphere.

WhiteBoard Pro

TABELLA supports multi-touch capability up to 20 points, allowing more students to participate in discussion and highly engaging activities at once.

Subject Tools and Resources

WhiteBoard Pro provides over 600 object images in classified subjects for teachers to prepare their courseware.

Features:

Media Player	Maths Tools
Internet Browser	Geometry Tools
Calculator	Number Picker (Lucky Draw)
Chart Maker	Clock and Timer
Chemistry Elements	Score Board
Magnifier	Handwriting Recognition
	Multiscreen

Multiscreen splits the screen to 2, 3 or 4 zones. Students write down their ideas with individual own pen tools.

NOBOOK (NB) Virtual Experiment

An interactive and practical teaching tool for middle and high school teachers, making the tedious experiment class efficient and interesting.

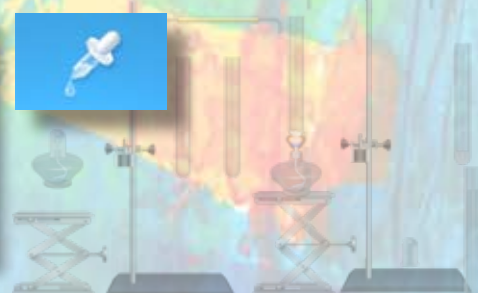

NB Physics Experiment topics include electricity, optics, and mechanics.

Experiment covers over 200 equipment related to electricity, mechanics, electromagnetism, optics, thermals and acoustics. All are in the mainstream textbooks of middle and high schools. It can realize tens of thousands of physics experiment operations and demonstrations.

Trial Version of NB Physics and Chemistry Experiment applications are preinstalled in Tabella VW Series Panels (with OPS Module) Users can activate the software by purchasing license key.

NB Chemistry Experiment covers over 100 experimental materials and 158 chemicals. It can realize almost all experimental operations in inorganic chemistry.

Simple to use and safe in operation, let users reproduce experimental phenomena and present correct experimental data.

TABELLA Interactive Intelligent Panel (Specification)

Model	L55VW	L65VW	L75VW	L86VW
Display				
Panel Size	55 inch	65 inch	75 inch	86 inch
Aspect	16:9			
Resolution	3840(H)*2160(V)			
Back Light Unit	Direct LED			
Response Time	4ms (Typ. G to G)			
Display Color	1.07B (10bit)			
Brightnes	350cd/m2 (Typ.)			
Contrast Ratio	1200:1 (Typ.)			
Viewing Angle	178°			
Life Time	30000 Hours			
Screen Surface	Toughened Anti-glare Glass with Level 7 of Mohs Standard			
Audio Speakers	Built-in Front Speakers, 15W x2 (8 ohm)			
Connectors				
Front Panel Connectors	USB for Touch x1			
	HDMI x1 (V2.0)			
	USB3.0 x1, USB2.0 x2 ; (Accessible to both Android OS or OPS OS)			
Input Terminals	HDMI In x3 (OPS x1) ; DP In x1 ; VGA x1; VGA Audio In (3.5mm) x1; Mini AV In x1			
	USB 2.0 x2			
	SD Card Slot x1			
	Ethernet RJ45 x1			
Output Terminals	Earphone (3.5mm) x1; Mini AV Out x1; SPDIF x1			
	HDMI Out x1			
Communication Terminal	RS232C x1; USB for Touch x1			
Operation Systems				
Internal Main System	Android 8.0 (Pre-installed)			
OPS System (Optional Slot-In Module)	Windows (To be provided by user)			
Main Android System				
CPU	Dual-Core A73 and Dual-Core A53 1.5GHz			
GPU	G511MP			
RAM / (FLASH)	3G / (32G)			
WIFI	2.4G/5G WIFI + AP			
SD Card Expansion	Max 64GB			
Bluetooth	V4.0			
Build-in Touch Sensor System				
Sensor Technology	Infra-Red			
Multi Touch	20 points			
Touch Tool	Finger, Touch pen or other Opaque (soft tip) objects			
Response Time	10ms			
Accuracy	1mm			
Interface	USB or RS232			
Touch Driver	Free drive			
Anti-interference	Anti Strong Light Interference			
Output Coordinate	32767*32767			
Protection Standard	IP65 Standard, Waterproof, Dust Proof and Sealed			
General				
Power	Requirement: 100-240V~ 50/60Hz; Standby Power ≤0.5W			
Operation and Storage Environment	Operation: 0°C ~ +40°C, 20% to 80%RH; Storage: -10°C~+60°C, <95%RH			
Overall Power (Without OPS)	180W	200W	300W	380W
Dimension L*H*D (Without Bracket)	1273*812*97mm	1492*936*97mm	1714*1069*117mm	1960*1198*117mm
Packing Dimension L*H*D	1400*920*130mm	1606*1050*220mm	1835*1178*220mm	2075*1320*220mm
Net Weight (with Mount Bracket)	36Kg +/-1Kg (with 2-Hanger)	48kg +/-1.5Kg	64kg +/-1.5Kg	83kg +/-1.5Kg
Gross Weight	44Kg +/-1Kg	57kg +/-1.5Kg	75kg +/-1.5Kg	97kg +/-1.5Kg
Wall Mount VESA	400*300mm, M8 screw	600*400mm, M8 screw	600*400mm, M8 screw	800*400, M8 Screw
